

Climax Metal Products Co.  
Wickliffe, OH

## **MARKET UPDATE** **SERIES**

### **Remember... Any Type of Shaft Maintenance Can be a Shaft Collar Opportunity!**

**Here are some Common Uses & Applications for Shaft Collars..**

- As a Locator to securely “lockdown” a component such as a grinding wheel or a fan blade
- As a Depth Stop
- As an End Stop
- As an Actuator
- As an “Insurance” factor to safely and permanently locate a sheave or a pulley

**Many distributors are successfully selling shaft collars to...**

- Cities & Municipalities, *particularly* Water Treatment Facilities
- MRO for Off-Road Construction Equipment
- MRO for Heating & Air Conditioning Units

**Contact Climax for more information on our  
complete line of Shaft Collars & Rigid Couplings.**

*As always, we appreciate  
your Business!*
